## Please describe the types of users assigned Day-of-Week or Time-of-Day logon restrictions and what these restrictions are?

| Responses |
|---|
| • Not compliance usability, user under investigation
• Weekdays and office hours. About 6000 ids (clients) out of a population of 110000 RACF ids are restricted. Then there is also automatic time-out of sessions in Com-Plete (around 18:00) and TSO (IEFUTL).
• Emergency access fire-call IDs (6pm-8am) |
